
Request of the residents for a traffic-calmed neighbourhood!

Please support our petition to improve traffic safety and quality of life and to strengthen public transportation as well as pedestrian and bike traffic in Friedrichshain's Südkiez (the area between Warschauer Straße, Frankfurter Allee, and the S-Bahn tracks of Ringbahn (S41/41) und Stadtbahn (parallel to Revaler Straße).

We are petitioning the local parliament (Bezirksverordnetenversammlung Friedrichshain-Kreuzberg) to:

1. Enfore a maximum speed limit of 30 km/h in the entire Südkiez area and to block motorized through-traffic crossing this area.
2. Designate two roads each going from east to west and north to south for bike traffic (so-called „Fahrradstraßen“)
3. Organize a public participation process to prepare for additional and sustainable measures to reduce motorized traffic and to improve road safety and quality of life in the area including for example around the important green public spaces at Boxhagener Platz, Traveplatz, and Annemirl-Bauer-Platz where we also include car-free area.

Information needed with your signature:

- Name, Vorname: Last name, first name
- Geburtsdatum: Date of birth (Day, Month, Year)
- Straße, Hausnummer: Your registered street address including street number
- PLZ: Zip code
- Datum der Unterschrift: Date of signature (today's date)
- Unterschrift: Signature

The petition can be signed by anybody registered in Friedrichshain-Kreuzberg (including non-German citizens of any nationality) above the age of 16.

Completed lists should be returned before June 13, 2021 to

- BOX Freiraum GmbH, Boxhagener Straße 96, 10245 Berlin or
- WühlichVierzig, Wühlichstr. 40, 10245 Berlin

Should you want to print your own lists (available for download at <https://kiez-fuer-alle.de/kiezverkehrswende/einwohnerantrag-ostkreuz-verkehrsberuhigung.html>) please make sure to print the complete petition using either the compact version (signature lists and explanatory text on the same page) or the full version (with explanatory text on a second page).

When using the full version, please note that the explanatory text must be printed on the flipside of the signature page!
